Client Background - Remortgage and extension of funds assistance

Challenge;

The client was facing a time-sensitive situation where they needed funds to start their extension project promptly. The process of remortgaging and borrowing additional funds could take weeks, and they could not afford any delays.

Solutions;

We quickly got to work and found the client a market-leading rate with cashback. They worked efficiently to ensure the process moved swiftly, and they were able to get from the point of contact to funds released in under 14 days. This enabled the client to instruct their builders without worrying about the availability of funds.

Outcome;

With our help, the client was able to secure a remortgage with cashback and borrow additional funds for their extension project. The broker's efficient and effective approach meant that the client could have the funds available promptly, which allowed them to start their extension project without delay. Moreover, the client knew they were on a market-leading product that was tailored to their financial circumstances.
